REBECCA CASTLE.

Presbyterian Church Notes.

Our pulpit was occupied last Sabbath by Rev. W. T. Walker. Mr. Walker is a forceful speaker and gave us two very fine sermons. He had the close attention of his audience throughout his sermons, and many expressions of appreciation were received.

Mrs. Walker and their little boy are with him, but on account of the death of the little boy she could not be at church. Mrs. Walker is quite a church worker and is an accomplished musician, both instrumental and vocal. We have persuaded Mr. Walker to stay with us over Sunday, and he will preach for us, morning and evening. We extend you a cordial invitation to come, but and hear two more good sermons.

OBSERVER.

Home Bureau Notes.

Our Home Demonstration Agent, Miss Cora DeVault, has been at Columbia, Missouri, last week, and this week, for the annual meet of the County Agents, and attended "Farmers Week." A letter from her states that they are being worked almost to death—that she is enjoying it and getting a lot of new ideas and enthusiasm.

While there she has been told that the demonstrations to be given by Mrs. Louis Lambert, the Nursing agent, in our county, the week beginning January 27th, will consist principally of: Making an empty bed, making a bed with the patient in it, bathing a patient, and work on the ideal sick room and daily care of the eyes, teeth, kidneys, bowels and skin.

The demonstrations will be held in the following places, and will begin promptly at 2:00 p. m.

Monday, Tuesday, at the Red Cross rooms.

Monday, Wednesday, at the High School auditorium.

Monday, Thursday, at the High School auditorium.

Monday, Friday, at the Red Cross rooms.

Oregon, Saturday, at the Court House upstairs.

These meetings will be of especial interest now. There is so much sickness everywhere that one does not know when they may be called on to care for a sick person. Let's wait until then to learn the essentials of nursing. Attend one of these meetings, without fail. And above all, be prompt in going to the meeting. Remember they are free, and are given by a specialist sent out by the Missouri College of Agriculture in its Domestic Science Course, through its extension department.

From H. Eccles.

H. Eccles, formerly interested in the Martin phone, this city, writes us as follows under date of Jan. 9, 1919:

"We still enjoy the Old Sentinel, and always find much of interest in its pages. Both of our boys were in the service, but neither reached the front line, though both made considerable effort to do so. Byron, the younger, has been in France since the early part of August, actively engaged in the telephone work in the La Morte district while his brother, Buell, blames his three years military service in the M. U. for his being held with the S. A. T. C. in Columbia. Thank the Lord the war has passed into history, and may a successful readjustment of the problems of the world, will soon be accomplished."

More Than Worth.

Charles Waggle, Republican candidate for long term Commissioner, was the only man on the ticket at last Tuesday's election to carry every vote in his precinct. It was his home people who accorded him the honor, and a Democratic precinct at that, which gave him 61 votes out of 61 cast. What more can the people want than a good neighbor and Charley Waggle is all that, as is shown in the vote given him, and a good neighbor is one of the best men in the world.—Sheridan Post.

We are more than glad to announce that Charlie has been elected to this important office. He is a Holt county boy, bred and born, and God does not create any better men than he is. We join with his many friends here in congratulations.
